Quality

## Exceptional style - built to last

Over 25 years' experience in quality craftsmanship has taught us what makes a great, long-lasting cabinet. That's why we guarantee ours for a lifetime\*. We pride ourselves on innovative design that's as durable as possible, in 37 stunning styles that will spoil you for choice.

- 18mm thick cabinets with a 12mm solid back panel for sturdiness & strength
- Blum hinges and drawer systems for effortless, soft, silent closing
- Cabinet edges are reinforced to provide extra protection against damage
- Extra strong, discreet shelf fixings create a sleek look
- Wide, adjustable legs make for a more stable unit
- 68mm service void for easy installation
- Delivered flat-packed for easy storage before installation

\*Cabinets (units, hinges and drawer runners) are guaranteed a lifetime of 20 years. Doors and drawer fronts are guaranteed for 10 years. Blum hinges and drawer systems are guaranteed up to 20 years.

# Why choose a Wickes kitchen

With 37 stunning styles to choose from, designed around you and to suit all budgets, you'll find your dream kitchen at Wickes. But it's not just our designs that people love, take a look at other great reasons that make us the perfect choice.

### Expert service & support at every step

We understand that investing in a new kitchen is a big decision, so we're fully committed to helping you do it right. That's why a **dedicated design consultant** will personally support and guide you through every step of the process – from design and planning all the way through to installation and aftercare.

### A market-leading installation service

Our team are experts at bringing dream kitchens to life and will coordinate your installation from beginning to end. We're so proud of our craftsmanship that we provide a **2-year workmanship guarantee** on top of our product guarantee. We're also proud to be a top scoring installation service in the Institute of Customer Service survey for two years running.

### Flexible payment options

We understand it's not always feasible to pay upfront in one lump sum. That's why we offer a range of **flexible finance options** which means there's no need to compromise on your dream kitchen.

### We have everything you need to finish your kitchen

As part of your free design service, you'll receive expert advice on stylish and functional fine-tuning that will bring out your inner interior designer. From lighting, flooring and paint to appliances, worktops and tiles, we have everything you need to tailor your space around you and your lifestyle.

### We build kitchens to last – guaranteed

All of our Showroom kitchen cabinets are guaranteed for a lifetime of **20 years**. We're so confident in our quality that we also guarantee our doors for **10 years**.

### Doing it right for over 40 years

Since opening our first DIY store in 1972, we've developed into a leader of kitchen design and innovation but our concept remains unchanged. We pride ourselves on providing the highest quality of service and products while offering outstanding value for money.

# 3 steps to your new kitchen

**A new kitchen isn't just a great investment. It expresses your personal style and turns a house into a home. We're here to help you achieve a kitchen that's truly you and support you every step of the way.**

## Imagine

Imagine a kitchen layout that really works, with clever storage and a look that's so you. With your favourite styles in mind, browse online for inspiration. Create a digital or paper scrapbook where you can save or print pictures of looks and design features you love. When you're ready to share your ideas, pop into your local Wickes to explore our kitchen displays and get expert advice.

## Design

Discuss your options from the comfort of your home with your personal design consultant while they measure your space. Your new kitchen will be brought to life with a 3D design which you can choose to fit yourself or take advantage of our installation service. We'll also help you manage your budget and time by prioritising what's truly important to you and offering everything you need under one roof.

## Create

Turn your dream kitchen into reality. When you opt for the Wickes Installation Service, we'll take care of everything from start to finish. You'll also benefit from our 2-year workmanship guarantee. If you're using your own installer, your design consultant will arrange your delivery and be on hand to answer any questions. Whatever you choose, you can rest assured that your new Wickes kitchen will be guaranteed for years to come.

**Then, it's time for the most crucial stage – relax, enjoy and show it off! Whether you've created the ideal haven to unwind with a cup of tea, more space for family and friends or given it the wow factor makeover, now's the time to enjoy your new kitchen.**

# Installation made easy

## **We take care of everything, so you don't have to.**

Every step towards your new kitchen should be fun, exciting and stress-free so our installation service is as quick and simple as possible. After carrying out a detailed technical survey and agreeing a start date, we'll not only fit your units but we can also take care of the electrical, gas, plumbing, tiling, worktops and flooring work.

A couple of weeks after your installation has been completed, we'll be in touch to make sure everything is still meeting your expectations.

---

**You will receive a 2-year workmanship guarantee on top of your kitchen guarantee**

---

**We are the top scoring installation service in the Institute of Customer Service survey for two years running**

---

**Only the best and most experienced tradespeople become Wickes Approved Installers**

---

**We will remove your old kitchen and dispose of it in an environmentally friendly way**

---

**Installation as fast as possible. We aim to fit your new kitchen within two months of your order date\***

---

**We will provide a complete room solution so there's no need to find specialist tradespeople**

---

\*Depending on local Wickes Approved Installer availability. Please speak to a design consultant at your local Wickes store for more details.

# Your kitchen your way

Today's kitchens are a lot more than a place to cook: they're where we eat, work, play, celebrate and make memories. Our designers love a challenge so whatever's on your kitchen wish list, our experts can make it happen..

## Any handle, any door

You can opt to go with our recommended handle or mix and match to create your own style. Knob and cup handles add a sophisticated, traditional feel whilst slim, streamlined handles kick contemporary up a notch.

Turn to page 122 to see our full range.

## Workstations and office spaces

Need your new kitchen to double up as a sleek workspace? No problem. We have ingenious ways of including areas that are perfect for homework, studying or even a specially designed desk with built-in drawers and cupboards.

## Small spaces, big features

Whether your new kitchen's home is a cosy cottage or city studio, we can make every inch count. From compact dishwashers to mini sinks, our downsized appliances can give you a fully workable kitchen without compromising on style or function.

## USB plug sockets

Our stylish plug sockets with USB ports are ideal for charging phones and kitchen appliances without the clutter of multiple charging adaptors.

## Instant boiling water taps

Save time and energy and have hot, cold and steaming water in an instant with a 3-in-1 tap. This means no more waiting for water to heat up, having the right amount of boiling water every time and no kettle cluttering up your worktop.

## Waste management

Tired of bins getting in the way? Concealed inside a cabinet, pull-out bins are an ideal solution and our range includes options for neatly separating your recycling

## Space-saving heating

Available for central and electric heating, plinth heaters keep your kitchen toasty and replace the need for radiators to free up extra space. They can be installed under your units and enable more room for cupboards, drawers, worktops and appliances.

## Perfectly pet-friendly

Transform your pet's eating and sleeping area into a stylish, space-saving design feature. Shown here with an integrated bed, food and water dishes, a multi-use pet station keeps your kitchen organised and floors free from trip hazards.

# Intelliga

Beautifully simple. Ultra sleek.

## Beautifully simple, ultra sleek. Intelliga is no ordinary kitchen.

Epitomising minimalist design at its finest, clean lines flow seamlessly along every unit thanks to an integrated aluminium rail. This removes the need for handles and creates a streamlined, truly handleless look but Intelliga's clever design doesn't stop there.

Tip-On Blumotion technology by Blum means drawers open and close with a feather-light glide simply by touching with your hand or knee. The inconspicuous 2.5mm gap around each edge results in a continuously smooth finish.

To top it all off, the recessed rail provides space between the worktop and units to give surfaces a unique floating effect.

— Intelliga —

Esker Ice

Handleless drawers open and close with a single touch thanks to built-in motion technology by Blum

# Intelliga

## Esker Ice

Sleek and chic without a handle in sight, this kitchen's simplicity is the ultimate example of smart design. It harmonises the softest, almost pearlescent white with a highly reflective, tough acrylic finish to create a bright, open space. The slab-style fascias are enhanced by a contrasting two-tone edging.

Get the look

High gloss white handleless cabinets finished with a solid worktop and matching upstand creates a luxurious, minimalist look.

## Intelliga

### Esker Azure

Our highest shine finish with a metallic, light-transitioning effect. This is ultra-sleek design with a twist. Truly slab-style fascias feature two-tone glass effect edging and the extraordinary strength of acrylic. Famed for adding a serene, relaxed feel, blue works in harmony with natural materials, such as wood and stone, whilst keeping the overall look light, fresh and airy.

Milton

Our 1000mm larder with pull-out drawers is an ideal pantry-style storage solution for small & large kitchens alike

A Rangemaster cooker adds a traditional touch

# Milton Bone

This elegant bone white shaker, softened by warm undertones, is the perfect backdrop for a classic look. It emulates the authenticity of beautiful painted timber but has the durability and strength of man-made materials.

Get the look

To create modern country style, complete the look with rich, pigmented tones, stone or wood flooring and atmospheric lighting.

# Solid Surface Worktops

From luxurious granite and timeless solid wood to the limitless Corian® and long lasting laminates, we have a worktop to suit every budget with almost infinite design possibilities. You'll be spoilt for choice.

**Corian® by DuPont™** - Its inconspicuous joints make it the perfect choice for expansive stretches of worktop, seamless sinks and luxury coved upstands

**Silestone®** work surfaces are made from 93% quartz and 7% polymer resin. This creates the look and feel of granite but provides a more solid colour with options for mirror flecks, natural stone and concrete effects.

**Granite** - One of the hardest materials on earth and incredibly easy to clean. As a natural material, no two pieces are ever exactly alike, so each worktop reveals a beautiful unique finish.

**Solid Wood** - Crafted from hardwood staves, joined together and finely oiled. Choose from 38 or 40mm options or indulge in the 60mm version which is made to exact specifications and fitted by specialist worktop installers

**Apollo® Quartz** - An engineered stone, with consistent colour and finish. A stunning 30mm option that retains its lustrous gloss over the years with minimal upkeep.

**Recycled Glass** - Made from 80% recycled crushed glass, 10% powdered quartz and 10% high performance polymer resin. The result is the look and feel of solid quartz, enhanced by the reflections and refractions from the coloured glass chips. This strong and durable material gives a uniform, consistent finish that's ideal for work surfaces, vanity tops and cladding.

**Apollo® Magna** - A splendid alternative to laminate worktops. With unobtrusive joints to give the appearance of virtually seamless stretches no matter how large your kitchen.

**Apollo® Slab Tech** - A silky smooth material, ideal for both huge stretches of worktop and smaller kitchens too. This material can be supplied ready for preparing & installing on-site or for the highest quality finish, templated in your home and fitted by specialist worktop installers.

Your design consultant will be able to give you more details on how each worktop performs, how resistant the worktop is to external factors (like heat, water, stains) and the options for sinks with each material choice.

Appliances

# Ovens

## Steam cooking

Using steam ensures your dishes cook more evenly and enhances flavours and textures by preserving more of your food's vitamins and minerals. It also delivers heat more effectively than dry, hot air which means you can cook at lower temperatures.

## Multifunction cooking

Combine all the benefits of grill, fan, conventional or microwave cooking into one single oven – perfect if space is at a premium.

## Fan cooking

A fan circulates the heat around the oven and gives a more even heat distribution to all shelves. You can cook using lower temperatures and food will cook more quickly, saving you money and time.

# Keeping control

## Digital TFT display

FT colour display lets you control the vast array of settings within your oven using state-of-art graphics and technology

## Touch

Touch controls are easy to use and add a sleek and sophisticated look to the kitchen.

## Retractable

Deluxe retractable controls and an interactive LCD display provide a flush finish for easy cleaning.

## Rotary

A traditional oven knob for simple programme and temperature selection.

## Oven controls

Experience cooking with maximum ease, comfort and style at your fingertips.

**AEG**  
**ZANUSSI**

# Cleaning

## Easy cleaning enamel

Smooth enamel lining makes it quick and simple to wipe away grease and spillages from the oven's interior.

## Oven cleaning

Innovative technology has provided ovens with ingenious cleaning options for optimum convenience. A self-cleaning oven makes life much easier and the struggle to remove unwanted grease a thing of the past.

## Steam cleaning

A special pre-set programme helps you to loosen food residue inside the oven for easier cleaning.

## Pyrolytic cleaning

This is a self-cleaning programme that heats the oven up to 500°C whilst safely locking the door during the session. Food residue is turned to ash for you to simply wipe clean.

## Self cleaning catalytic liners

The special coating on these catalytic-lined cookers and ovens oxidises grease and residue when heated to 200°C, meaning you can clean as you cook.

# Hobs

From gas to induction, our wide range of hobs offer their own benefits and features with various burners and cooking zone options.

## Induction

Induction technology is the fastest, safest and most energy efficient way to cook on a hob, heating the pan directly with no pre-heat required.

## Ceramic

With ceramic hobs, the heating element is under toughened glass for a smooth surface that can also be used as an extension of your worktop if space is at a premium.

## Gas

A traditional choice that provides controlled cooking with instant heat and flexibility. All gas hobs feature flame safety devices for your peace of mind.

# Rangemaster

Manufacturer  
Guarantee\*

2 years\*  
on Rangemaster

0330 123 4123 [wickes.co.uk/kitchen](http://wickes.co.uk/kitchen)

Rangemaster is synonymous with design, innovation, quality, performance, and reliability.

## Style and choice.

We offer a wide range of styles, sizes and fuel types making it easy for you to find the perfect Rangemaster for your kitchen.

## The right ingredients.

It can take weeks to carefully craft a Rangemaster. The highest gauge steel is pressed, cut, washed, polished, and finally enamelled with endurance finish. The frame is triple folded, creating a unique encasement for some of the highest quality components you'll find.

# Hoods

## Integrated Hoods

Integrated hoods are installed seamlessly helping to create open living and cooking spaces.

## Designer Hoods

Streamlined and elegant, a designer hood will bring a bold and unique feel to your kitchen.

## Chimney & Island Hoods

From traditional to ultra-modern styles, these designs will create a stunning statement piece in your home.

# Compact appliances

## Compact Ovens & Microwaves

Powerful performance in a small design. This range offers the same great cooking performance and range of features as their full size equivalent.

## Coffee Machines

Enjoy the luxury of authentic Italian espressos and creamy cappuccinos in your own home with these stunning additions to your kitchen.

## Sous Vide & Warming Drawers

AEG Vacuum Sealer Drawer lets you apply the professional Sous Vide cooking method at home, perfectly sealing in the flavour, moisture and nutrients. Our warming drawers offer stylish and useful space for all your cooking accessories.

# Laundry

From seamless integrated washing machines to combined washer dryers, our range offers the latest technology while providing high energy efficiency.

## Washing Machines

We have a wide selection of integrated washing machines to suit your needs.

## Washer Dryers

These space-saving models are a standard built-in size, but they can still wash 7kg loads and dry items up to 4kg.

# Dishwashers

Our range of dishwashers are available in full-size, slimline and compact fully integrated models to suit all spaces.

## 45cm Dishwasher

If you need to save space in your kitchen, the slimline is perfect – and you won't lose any of the functionality or energy efficiency of a 60cm.

## ComfortLift®

The new unique AEG ComfortLift® dishwasher is the first dishwasher in the world that lets you gently slide and lift the lower basket upwards.

## 60cm Dishwasher

These dishwashers are ideal for a larger capacity, flexible racking and have a number of specialist programmes that deliver great results.

# Cooling

Our wide range of cooling appliances include different designs, benefits and features by market-leading brands Neff, AEG, Electrolux and Zanussi.

## Wine Coolers

Wine coolers are a stylish option that can be easily integrated under your work surface or within a kitchen island. Optimum storage ensures your wine tastes better for longer by protecting it from heat, light and humidity.

## Fridges

Our fridges can be integrated which is ideal for smaller kitchens. These products have a variety of capacities to suit any kitchen size.

## Freezers

We have a range of frost-free freezers which will ensure that the appliances are as efficient as possible.

## Fridge Freezers

Choose a 50:50 or 70:30 split to suit your family's lifestyle requirements. We also have a frost-free option which will ensure that the appliances are as efficient as possible.

## American-style

These American-style appliances make a real statement in any kitchen. With excellent capacity in both fridge and freezer.

# Sinks

## Manufacturer Guarantee\*

# Hot Water Taps

**Profile 4-in-1 Tap**  
Hot, cold, filtered and steaming hot water, all on demand form one single kitchen mixertap. With a dedicated 3 litre under cabinet tank, waiting for the kettle to boil is now a thing of the past. Steaming hot water is only dispensed by means of a key fob that can be stored behind the tap for convenience, or up out of reach of small children

- Safety hot water key for dispensing steaming hot water hands free
- 425 x 216 x 299mm
- High pressure compatible

**173923 Chrome**

**Franke 3-in-1 Tap**  
Safety is assured with a two-step safety handle, while fully insulated spout and handle ensures that they both stay cool to the touch. Discreet and suitable for almost any kitchen, the horizontal heating tank sits neatly behind a standard 150mm cabinet plinth, freeing up much-needed cupboard space.

- Minimum pressure: 1.5 bar
- 385 x 180 x 240mm
- High pressure compatible

**173910 Chrome**

**Protex 3-in-1 Tap**  
Contemporary kitchen mixer tap providing hot, cold and steaming hot water on demand from it's dedicated 2 litre under cabinet tank. Safety is provided by a two stage handle operation with spring-loaded cut off

- 390 x 222 x 287mm
- High pressure compatible

**173908 Chrome nickel**  
**173909 Brushed**

**Epira Tap**  
At the pull of a lever, the 3 in 1 steaming hot water tap can produce steaming hot filtered water up to 98°C, regular hot and regular cold water and replaces your main tap. Ideal for making hot drinks, cleaning, preparing pasta and more

- 268 x 242 x 244mm
- Low Pressure compatible

**152992 Brushed**  
**152991 Chrome**

**ProUno Tap**  
Contemporary companion tap providing steaming hot water on demand from it's dedicated 2 litre under cabinet tank. Safety is provided by a two stage handle operation with spring-loaded cut off technology

- Ceramic disc
- 427 x 108 x 195mm
- High pressure compatible

**173916 Chrome**

# Re-Corner Solutions

The Re-Corner Maxx works with both a base cabinet and a wall cabinet and allows you to reach those difficult areas by rotating the carousel and bringing storage to the front of the cabinet.

**Re-Corner Maxx Unhanded Corner Unit**  
158522 800mm  
158523 1000mm

# Wire Storage

Wire pull-out and pull-down storage is an excellent way to utilise space while saving you from reaching deep into cupboards to find what you need.

# Sockets & Plinth Heaters

**Pop-Up Socket with USB**  
142264

**Plinth Heater**

A Wickes plinth heater replaces a radiator and can be installed into unused space under the kitchen units, giving you the opportunity to create space for additional storage units, extra work surface and more appliances. Heat outputs up to 2kW.

**143846** Stainless Steel (central heating system)

**143845** Stainless Steel (electric)

**Kitchen with radiator**

**Kitchen with plinth heater**

Our selection of plinth heaters are the perfect space-saving solution for keeping your kitchen warm, without the need for a bulky radiator. Installing a plinth heater means you can enjoy the benefit of additional space for cupboards and worktops. With an electric option available or a model that easily connects to your central heating system, they deliver ample heat to keep your kitchen warm.

# Drawer Inserts

You can create your own unique system of drawer inserts which are available as sets or individually. All are completely dishwasher-safe for added convenience.
